COMPANY PROFILE

TISE GROUP PROVIDES COMPREHENSIVE PRODUCTS, ENGINEERING, SERVICES FOR THE PULP & PAPER INDUSTRY

We provide paper equipment products, cost efficient solutions, technologies and customized engineering to improve business. Laser energy cleaning services.

The equipment and solutions are designed to match the high demands of the industry with high efficiency, focusing especially on flexibility and safety. This allows our customers to utilize production quickly and concentrate on producing the end-products with the highest demand and increased competitiveness on the market.

Our engineering services help achieve the highest equipment availability and optimum performance over the entire life-cycle of supplied products.

Laser energy cleaning services is a versatile, flexible technology allowing for very precise cleaning without secondary waste, consumables or air movements.

Our

mission

We focus on delivering products, technology and services globally to the pulp, paper industries. Our vision is to become the global champion in serving our customers, and our mission is to bring new technologies into the workable results.

Mission

Our

values

We are committed to becoming the worldwide reliable supplier for industries products and solutions, improving our customers efficiency through bringing cutting edge pulp, paper technologies and creating new values.

Values

Our

vision

Our main customer industries are pulp, paper, and laser energy. All of these are major global industries that invest real growth in the nearest future. We shall apply the technology and know-how to industries.

PAPER MACHINE CLOTHING

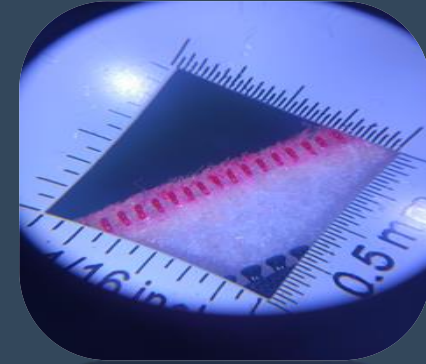

- **FABRICS**
- **FELTS**

WE OFFER WIDE RANGE OF THE PAPER MACHINE CLOTHING FROM **1M** UP TO **15M** WIDTH WITH SPECIAL DESIGN AND ENGINEERING REQUIREMENTS

ALL PRODUCTS ARE MANUFACTURED STRICTLY ACCORDING TO **ISO 9001** INTERNATIONAL STANDARDS

THE SPECIAL SUPPORT IS RESERVED BY TISE GROUP TO **BEFORE AND AFTER SALE SERVICE** WHICH CAN COUNT ON HIGHLY QUALIFIED PERSONNEL

COMMERCIAL DEPARTMENT IS AT THE FULL DISPOSAL OF SENDING **DESIGN AND COMMERCIAL OFFER** BASED ON INPUT.

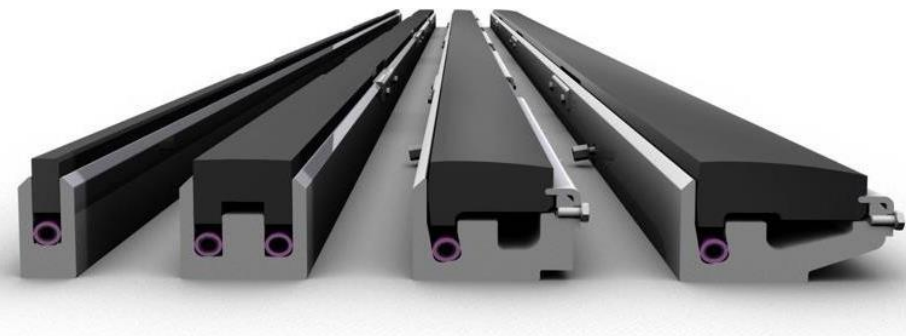

EQUIPMENT SPARE PARTS

- CONVEYING AND DRY SCREENING
- PULPER AND AUXILIARY
- SCREENING AND CLEANING
- THICKENING AND REFINING
- PAPER MACHINES
- AUXILIARIES

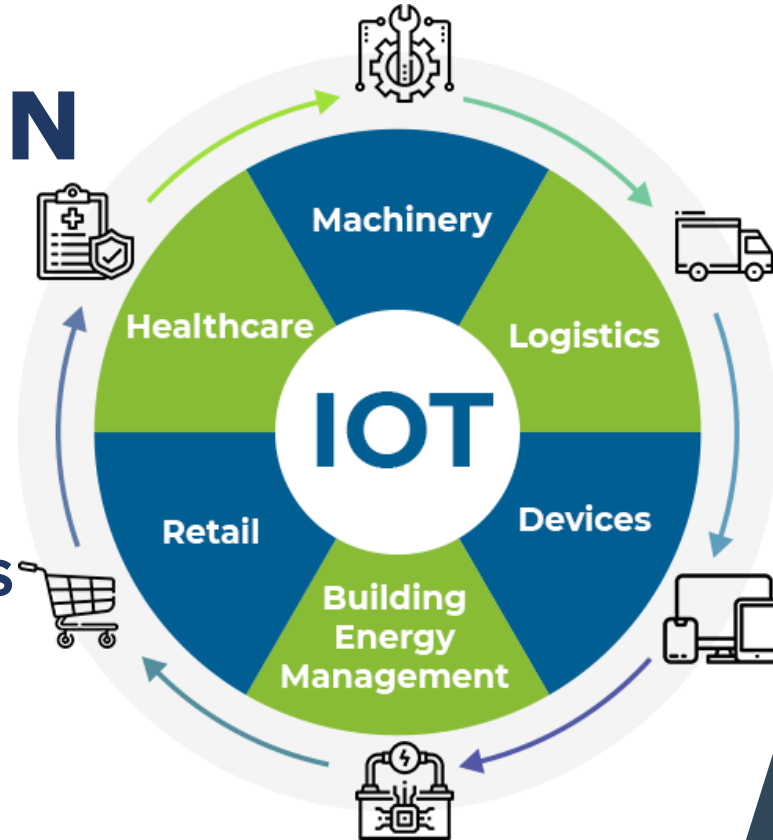

Equipment audit detects operational problems earlier. We undertake On-site audits, OEM inspections, maintenance, and other necessary services for your screening operations.

AUTOMATION

- DRIVES AUTOMATION
- INSTRUMENTATION
- TEMPERATURE
- PRESSURE
- FLOW
- LEVEL MEASUREMENTS
- ANALYZERS
- PLC & DCS
- IOT

The Internet Of Things (IOT) is the interconnection of uniquely identifiable embedded computing devices within the internet infrastructure.

PLC & DCS for Paper Plant

DCS for Recovery Boiler, Evaporator & Lime Kiln

DCS for Pulp Mill

DCS for Paper Machine

DCS for Power Plant

PLC Solution for Steam & Condensate

PLC Solution for Head Box Automation

TSG

PAPER CHEMICALS

- **SIZING**
- **COATING**
- **TISSUE PAPER ADDITIVES**
- **FUNCTIONAL ADDITIVES**
- **AGENTS**
- **ENZYME**

We offer pigments for paper whitening

TSG

ENGINEERING

Process Re-engineering (System Redesign & Process mapping) Service

Field Instruments such as Consistency transmitters, Level transmitters & Flowmeters

Honeywell DCS for Pulp Mill Automation

THANK YOU FOR YOU ATTENTION!
